

# Example Ear Waiver

It is known that there can be underlying problems in the ears that may occur after an ear plucking and or cleaning particularly on the hair bearing dogs. Cleaning of at the ears will only be on the ear pinna (outer flap) and the outer opening of the ear canal if it appears normal.

Problems that may follow an ear plucking or cleaning are but not limited to:

- Ear Infection
- Irritation
- Inflammation
- Minor pain
- Bleeding
- Unpleasant odor
- Head shaking
- Scratching of the ears
- Tilting of the head

Knowing that any and all of the above conditions can occur I, \_\_\_\_\_ (Pet Owners Name) \_\_\_\_\_ authorize my Groomer, \_\_\_\_\_ (Groomer's Name) \_\_\_\_\_, to pluck or clean my pet's ears if they appear to be normal. I the Groomer reserve the right not to pluck or clean the ears if they appear to be affected in any way and recommend medical evaluation for this pet. I hold my Groomer, \_\_\_\_\_ (Groomer's Name) \_\_\_\_\_, harmless in any and all of the above conditions occur on my pet.

I have read and agree to this waiver. \_\_\_\_\_ (Date) \_\_\_\_\_
